## Document Body

Michael:

Attached is a one pager that discusses FFRRO's request to DoD and the Military Components to identify additional early transfer privatization sites, and their response to that request. The Navy and Air Force responded and identified McClellan AFB, Treasure Island, and the Former Naval Fuel Point Molate site, which are located in Region 9.

As part of the next steps, would you please have someone on your staff review the document and provide comments to FFRRO regarding Region 9 resource requirements, including FTEs, for the proposed privatization efforts at Treasure Island and McClellan AFB. I have included an Air Force excel spreadsheet with proposed transfer dates which includes two additional parcels for McClellan, totaling approximately 2,015 acres.

Thanks.
